

## **LATEX EXAMINATION GLOVE**

#### LIGHTLY POWDERED

The basic examination glove provides a cost effective general use solution. It is still the best option for user seeking for reliable, cost effective and comfortable barrier of protection. In Ascent Care, you can expect more from what appears to be the basic examination glove. Our advance leaching process has enabled us to produce Lightly Powdered Latex Examination Gloves with low water extractable protein. Through our continuous R & D, our Lightly Powdered Latex Examination Gloves are soft, smooth and comfortable to wear.
